

CooperDebateTeam.com

True Design Specification & Development Blueprint

1. Executive Vision

Create a premium, mobile-first digital platform for the Cooper Middle School Debate Team. The website should serve students, parents, coaches, administrators, and prospective members while presenting Cooper Debate as a premier academic program.

2. Target Audiences

Students need resources, schedules, and announcements. Parents need logistics and calendars. Coaches need content management. Prospective members need information about joining.

3. Branding & Identity

Use the official Cooper Middle School logo. Create a distinct Cooper Debate identity. Tagline: Speak • Reason • Lead. Colors: Navy #0B2545, Gold #D4A017, White #FFFFFF.

4. Design Philosophy

Mobile-first, long scrolling pages, minimal submenus, large visuals, premium typography, storytelling layout, smooth animations, and a signature semicircular navigation.

5. Information Architecture

Primary navigation: About, Awards, Tournaments, Resources, Gallery, Members. Avoid deep menu trees. Each destination is a rich scrolling page.

6. Semicircular Navigation

Top-centered expandable semicircle. Collapsed state shows Cooper logo and menu icon. Expanded state reveals six destinations arranged symmetrically. Gold accents and subtle animations.

7. Homepage Specification

Hero video, latest achievements, upcoming tournaments, team statistics, announcements, featured gallery, join debate call-to-action, footer.

8. About Page

Mission, vision, debate benefits, Public Forum explanation, WACFL overview, coaches, leadership, join process.

9. Awards Page

Current season results, speaker awards, team awards, hall of fame, achievement timeline, statistics dashboard, trophy gallery.

10. Tournaments Page

Interactive calendar, upcoming events, registration deadlines, results, transportation information, parent guidance, preparation checklist.

11. Resources Page

Current PF Topic Center, research resources, evidence collection, debate skills, speech guides, flowing, templates, timers.

12. Gallery Page

Tournament photos, team events, awards ceremonies, videos, media coverage, yearly filters.

13. Members Portal

Google login, FCPS email restriction, dashboard, announcements, evidence library, case repository, assignments, internal calendar.

14. Coach/Admin Portal

Member approval, announcements, calendar management, results management, uploads, analytics dashboard.

15. Authentication Architecture

Google OAuth login. Only approved Cooper Debate members gain access to member resources. No password storage.

16. Database Architecture

Users, Members, Announcements, Tournaments, Awards, Resources, Gallery, Files, Roles and Permissions.

17. Homepage Wireframe

Top: Cooper logo + login. Center: semicircular menu. Hero section. Statistics cards. Latest results. Upcoming events. Gallery preview. Footer.

18. Mobile UX Standards

All layouts designed for phones first. Large touch targets. Vertical scrolling. Minimal navigation complexity.

19. Visual Component Library

Buttons, cards, achievement tiles, countdown widgets, galleries, announcement banners, statistics panels.

20. Animation Standards

Menu expansion, fade-in cards, number counters, smooth scrolling, subtle hover effects. Avoid distracting animations.

21. Parent Experience

Parents can easily find schedules, logistics, transportation information, deadlines, announcements, and results without login.

22. Student Experience

Quick access to resources, assignments, evidence, cases, announcements, and tournament preparation.

23. Future Enhancements

AI research assistant, debate analytics, judge database, alumni network, mobile app, speech timer, practice scheduler.

24. Developer Credit

Website designed and developed by Hannah Shiv as a volunteer community-service initiative supporting the Cooper Debate Team at no cost.
